Before proceeding, please confirm the printed paper size. Use a ruler, measure the ruler bar below to make sure it has printed exactly 50mm long.

If the measurement is not accurate, re-print and make sure that you are printing this page at full size. Ensure that page scaling is set to "100\%" on your print setting box.

## Option 1

## EXISTING RING METHOD

1. Choose a ring that you currently wear

Make sure the ring fits correctly on the finger you are shopping for
2. Print out our chart of ring size on the left
3. Lay the chosen ring on top of each circle until you find the closest match
4. Always match the inside of the ring, not the outside
5. If the ring falls between two sizes, order
the larger size

Option 2

## PAPER METHOD

1. Print and cut out the ring sizer below
2. Create a slit by making a small cut on the line labeled "My Size"
3. Insert the pointed end through the slit
4. Insert your finger and pull
5. Don't pull it too tight, aim for a comfortable, snug fit
6. Mark the number that lines up with the slit
7. The marked number located on the "My Size" slit is your ring size

## Option 3

## STRIP OF PAPER METHOD

1. Cut a thin strip of paper or thread, avoid stretchy materials
2. Wrap the strip/thread snugly around your finger
3. Don't wrap it too tight, aim for a comfortable, snug fit
4. Mark the spot where the strip/thread meets

TIPS

1. Finger size changes depending on time of the day and the weather

* In cool temperature: Allow some movements for warmer temperature when your finger swells in size.
* In warm temperature: The ring or ruler should have a snug to tight fit for when the weather cools down, so the ring doesn't become too loose
* Fingers tend to be smaller in the early morning and in cold weather. Measure your fingers at the end of the day when your fingers are warmer.

2. For a more accurate result, have someone help you measure.
3. Double check your measurement to eliminate an erroneous reading.
